Philips
Surge protector

Resettable

10 outlets

SPP7354WA

Computer workstation

with Power Blocker 2 technology

Unlimited joules protects better than the highest joule-rated surge protectors on the market today. Denies power if any threat is present, then can be instantly reset to restore surge protection and operation.

Ideal for dial-up and DSL

- Phone line protection
- 1-line splitter
- 6 ft power cord
- Power blocker 2 technology

Ultimate performance design

- 10 child-safe outlets
- EMI/RFI noise filtration
- 100% Lightning Warranty
- $1,000,000 connected equipment warranty

Built-in convenience

- Instant reset switch
- Offset right-angle plug
- Protection indicator light
- Cord management system

PHILIPS

sense and simplicity

Specifications

Outer Carton
- Gross weight: 3.856 kg
- Gross weight: 8.5 lb
- Outer carton (L x W x H): 10.25 x 6.75 x 15.25 inch
- Outer carton (L x W x H): 26 x 17.1 x 38.7 cm
- Nett weight: 2.523 kg
- Nett weight: 5.565 lb
- Tare weight: 1.333 kg
- Tare weight: 2.935 lb

Packaging dimensions
- Packaging dimensions (W x H x D): 15.7 x 41 x 8.3 cm
- Packaging dimensions (W x H x D): 6.187 x 16.125 x 3.25 inch
- Gross weight: 1.179 kg
- Gross weight: 2.6 lb
- Nett weight: 1.855 lb
- Nett weight: .841 kg
- Tare weight: .745 lb
- Tare weight: .338 kg

Highlights

Phone line protection
These connectors accommodate an RJ11 cord, routing the telephone line through the surge protector to guard against spikes and surges.

1-line splitter
These connectors route the telephone line through the surge protector and split the line to allow two devices to be connected. It offers the convenience of leaving two devices connected constantly even though they may not be used simultaneously

6 ft power cord
Provides power to the unit which can be 6 feet from the AC outlet.

Power blocker 2 technology
This circuit-breaker like switch senses an over voltage, then quickly and completely disconnects power to the connected equipment. It can be manually reset once the surge event is over to restore protection.

10 child-safe outlets
Safety slides provide a protective barrier that block the outlet so small objects cannot get in. Keeps children safer.

EMI/RFI noise filtration
Built-in filtering technology ensures the best performance from your components. It guards against signal interference and loss of data.

100% Lightning Warranty
Protects against lightning strikes 100% of the time. Connected equipment is warranted should it be damaged by lightning.

Instant reset switch
This switch allows instant resetting of the surge protection, restoring protection and operation immediately. It eliminates downtime from having to purchase another surge protector.

Offset right-angle plug
This flat and angled design conveniently directs the cord away from the lower outlet and allows furniture to sit more closely to the wall.

Protection indicator light
This LED alert lights up to indicate the surge protector is working properly.

Cord management system
Collects the power cords and directs them away from the device in an organized fashion to keep the area clutter-free.
